DIRECTIONS

The Better Image®
in the
Milford Opera House

Please note that these directions are much easier to follow than those found on MapQuest

Please call in advance to schedule a mutually convenient appointment.

Out of the **Lincoln (or Holland) Tunnel** head towards **New Jersey Turnpike South**. Go through the toll booth and get on the **Turnpike South** and **remember to bear right** as it branches off just prior to **Exit 14** (towards Route 78 West). From the Turnpike **Take Exit 14**. Stay in the left lane as you leave the toll booth and head towards **Clinton**, on **Route 78 West**. Approximately 50 miles out of Manhattan you will take **Exit 15 (Clinton/Pittstown)** making a left onto **Route 513 South**. Stay on **Route #513 South** into **Pittstown**, approximately 4.0 miles over rolling hills.

You will pass a new **Post Office** on your left, the old stone **Pittstown Grill** on your right, and a small parking lot on your left. **Route #513 South** will turn off to the right at the traffic light directly in front of a **Bank of America** (small white house on your left). Take a right at the light onto **Route #513 South**. Go straight for approximately 7.5 miles into Frenchtown. Down the hill into Frenchtown you'll pass through a **blinking traffic light** before rounding a curve to the right. **Cars and Vans** can take the first right after this curve onto Harrison Street and go straight out of town for approximately 4 miles. **Larger trucks** must go past Harrison Street and take your first left onto **Front Street**, around a curve and out again taking a left onto Route 29. Less than one hundred yards ahead you take a right turn, go back through the blinking light and take your second left onto **Milford Road**. (This is essentially a bypass loop and it will let you avoid a possible ticket for driving a large truck through town).

On this route **Frenchtown-Milford Road** you'll pass a grammar school (right), small stores, an old paper mill (left) and a medical center (left). Keep going straight until you reach the only stoplight in Milford. Here there will be a **Citgo gasoline station** on your right and the **Post Office** directly in front of you. Take a **left** at this light onto Bridge Street and proceed approximately 100 yards until you see **Carpenter Street** on your left, (there is an empty TD Bank and a General Store on either corner). Take this **left turn** and proceed another 100 yards. We are the large structure on your left (#37) with a red fire hydrant in the front yard. Please pull up and ring the lower bell for us.
